

Niles Community Schools Negative Balance and Meal Charge Policy School Year 2022-2023

Niles Community Food Services has a fiscal responsibility to stay in compliance with Federal Guidelines. In order to stay in compliance and meet financial accountability, parents/guardians are responsible for meals purchased by their student(s) in the cafeteria.

Students are expected to have funds available for the purchase of their meal. Please make sure all balances are kept up to date. Payments may be made by cash or check at the school office. Payments can also be made at www.sendmoneytoschool.com . Parents will also be able to use this web page to view balances and meal purchase history. You will need to know your Student's ID number. Niles Community Schools allows negative balances up to certain limits because we feel it is important that students are not denied access to a meal during the school day.

Additionally, the school district participates in the Free and Reduced-Price Meals Program. Applications for the Free and Reduced-Price Meals Program are available online at www.Lunchapp.com, in each school office, NCS website or by contacting the Food Service Director's office. It is important to submit an application each year before school starts or within 30 days after the first day of school. If your child was not qualified for free meals the prior year, you will need to send money to school with your child until your application is approved. Parents will be responsible for any charges that were accrued before the approved application date.
